

WE'RE  **A CREATIVE**  **BUSINESS SOLUTIONS COMPANY**

YOUR TECH. PARTNER

GLAD TO *MEET YOU!*

There are seldom any alternatives to harbouring great industry experience. This industry, in particular, is currently banking on over 20 years of said knowledge, having served quite a number of long-lasting solutions pertaining to the domains of software development, website design, and social media marketing. The Solution 360 boasts an entire team of individuals, well-versed and competent in their respective roles, who seek to work passionately in terms of achieving the company's one common goal — to cater, to the very best of our capacity, to consumer needs.

We pride ourselves in providing our clientele with the most advantageous solutions to ensure their firm focus on growth and eyeing milestone after milestone, as they remain yards ahead of their competitors. We boast extensive knowledge of niche areas the likes of ERP systems, biometric solutions, website development, online store, drop-shipping solutions and social media marketing. Moreover, it is readily ensured that we do not stray from the committed timeline in coming up with the best strategies.

The Solution 360's core team comprises of well-trained professionals, who tailor their strategies and solutions according to clients' particular business domains. The role of our business analyst proves especially invaluable in this regard.

OUR MISSION

To highlight areas enabling confident decision making, as well as help analyse unknown facts and figures.

OUR VISION

Working with various industries has brought us invaluable exposure, to the extent where we are now safely able to provide a number of ideas and solutions to help our clientele cope with their everyday challenges.

ABOUT US

A TEAM OF PROFESSIONALS

Harbouring over 20 years of experience in managing enterprise resource planning (ERP) solutions for different industries, we excel in areas ranging from simple trading to complex manufacturing business models and have successfully implemented a number of complete solutions. Our team of professionals is well-versed in areas concerning the business operational cycle, where employees are specifically trained to consult relevant departments for the most efficient strategies. We have also based portable solutions around in-house usage and design, in addition to having On The Ground (OTG) solutions especially catering to our business partners and field staff.

We deals in HI-TECH Devices and Hardware

We deal in a wide range of hi-tech products, fully guaranteed to turn your business automated and productive, that range from branded servers and biometric solutions to barcode scanners and printers.

WHY CHOOSE US?

Our team of business analysts is put to the task of developing strategies and solutions to implement in order to eliminate much of your daily challenges, providing you instead with a vision and an information system so that you may analyse your areas of focus.

OUR TEAM

We have an experienced and dedicated team, working passionately to obtain timely results through utilising the various technological means available to us.

JOB TASK

We employ the critical path method (CPM) to ensure that our work complies with schedule. We work to eliminate any and all delays in meeting company deadlines and completing our tasks.

SOCIAL NETWORK

We are fortunate to have strong social networking platforms, which help us connect and keep in touch with the broader world, largely in terms of discussions around various challenges facing the sector — and how to combat them.

DOMAIN

We boast great expertise in various domains, including ERP development, website solutions, hardware solutions, and technical consultancy.

PROTECTION

We guarantee full protection of our clients' privacy and ensure data sharing confidentiality.

SUPPORT

We prioritise rapid responses and work round the clock to provide any manner of assistance, if needed, to our clientele. Clients are more than welcome to bring to us their queries after the job has been brought to completion, as well.
