AboutCompany

At **Solution360**, we are dedicated to delivering state-of-the-art software solutions that cater to the evolving needs of businesses in the logistics and trade industries. As a premier software house, we specialize in providing a suite of innovative products, including FreightSol, NVOCC, PaySol, and TradeSol.

Our flagship product, FreightSol, is a revolutionary solution tailored specifically for the freight forwarding industry. With features like real-time shipment tracking, automated documentation, and seamless integration with supply chain partners, FreightSol streamlines logistics operations and enhances efficiency for businesses of all sizes.

In addition to FreightSol, our solutions extend to:

- **NVOCC** Software: Simplifying operations for non-vessel operating common carriers.
- PaySol: A comprehensive HRM software for payroll and workforce management.
- **TradeSol**: Designed to optimize trade and supply chain processes with unparalleled ease.

At **Solution360**, we pride ourselves on our customer-centric approach, ensuring every solution is intuitive, scalable, and aligned with the unique challenges of our clients. Our mission is to empower businesses with technology that drives growth, improves efficiency, and simplifies complexities.

Partner with us at Solution360 and experience innovation that transforms the way you do business.

ABOUT FREIGHTSOL

Freightsol is an advanced, comprehensive software solution designed specifically for the freight forwarding industry. Developed by a team of experts with deep industry knowledge, Freightsol helps freight forwarders streamline their operations, improve efficiency, and enhance customer service. Our platform offers a wide range of features including real-time shipment tracking, inventory management, automated documentation, and seamless integration with carriers and other supply chain partners. With Freightsol, businesses can manage their entire logistics workflow from a single interface, ensuring smooth and error-free operations. Whether you're a small freight forwarder or a large logistics enterprise, Freightsol is scalable and flexible to meet the needs of your business. Our goal is to simplify the complexities of freight forwarding, allowing you to focus on growth, customer satisfaction, and achieving operational excellence.

FREIGHTSOL

Innovation by Solution 360
